SUPERVISORS VOTE TO  
MEMORIALIZE LEGISLATURE

March 22--  
After a stormy hour-and-a-half of debate, the San Francisco Board of Supervisors voted 6-1 to memorialize the Senate and Assembly of California in favor of the Shelly (new campus) bills.

The board met on Monday's evening this morning for the sole purpose of considering the campus proposal. Results of their vote were immediately telegraphed to Clifford Worth, student association president, and Senator Shelly who have been working among the legislators in Sacramento for the past week.

Victory in the fight for official city support culminated twenty-five minutes of speaking by Vernon Brown, student treasurer who represented the Associated Students, and Mr. W. J. Varley, president of the Southern Council of Improvement Clubs, who engineered the college fight. Mr. Varley based his view on the necessity of giving every possible chance to the students, "America's first line of defense."

Proposition was led by the Haight Street Merchants Association.

### \$300,000 MEASURE GOES TO ASSEMBLY

PROVIDES FOR LAND  
PURCHASE; SITE  
UNMENTIONED

SACRAMENTO, March 23 (Special)—In an unexpected move, the State Senate late today passed S.B. 261, paving the way for the purchase of a new campus site for San Francisco State College.

The bill, sponsored by Senator Jack Shelly, of San Francisco, contains no provision for any specific site, although college representatives expect later approval of the proposed Lake Merced area by the State Board of Education.

The proposition now goes to the Assembly, where speedy approval is probable. Governor Olsen has already indicated that he would sign.

Pleading the cause for the college were Cliff Worth, Bob Sweeney, Dr. Roberts, and representatives from the campus and the Patrons Association. They were armed with poster-charts designed by Professor Luther Meyer, which dramatically presented the needs of the college.
